Radiation Burn: A Temporary Monument to Public Safety by Critical Art Ensemble (2010)

Radiation Burn: A Temporary Monument to Public Safety by Critical Art Ensemble (2010)

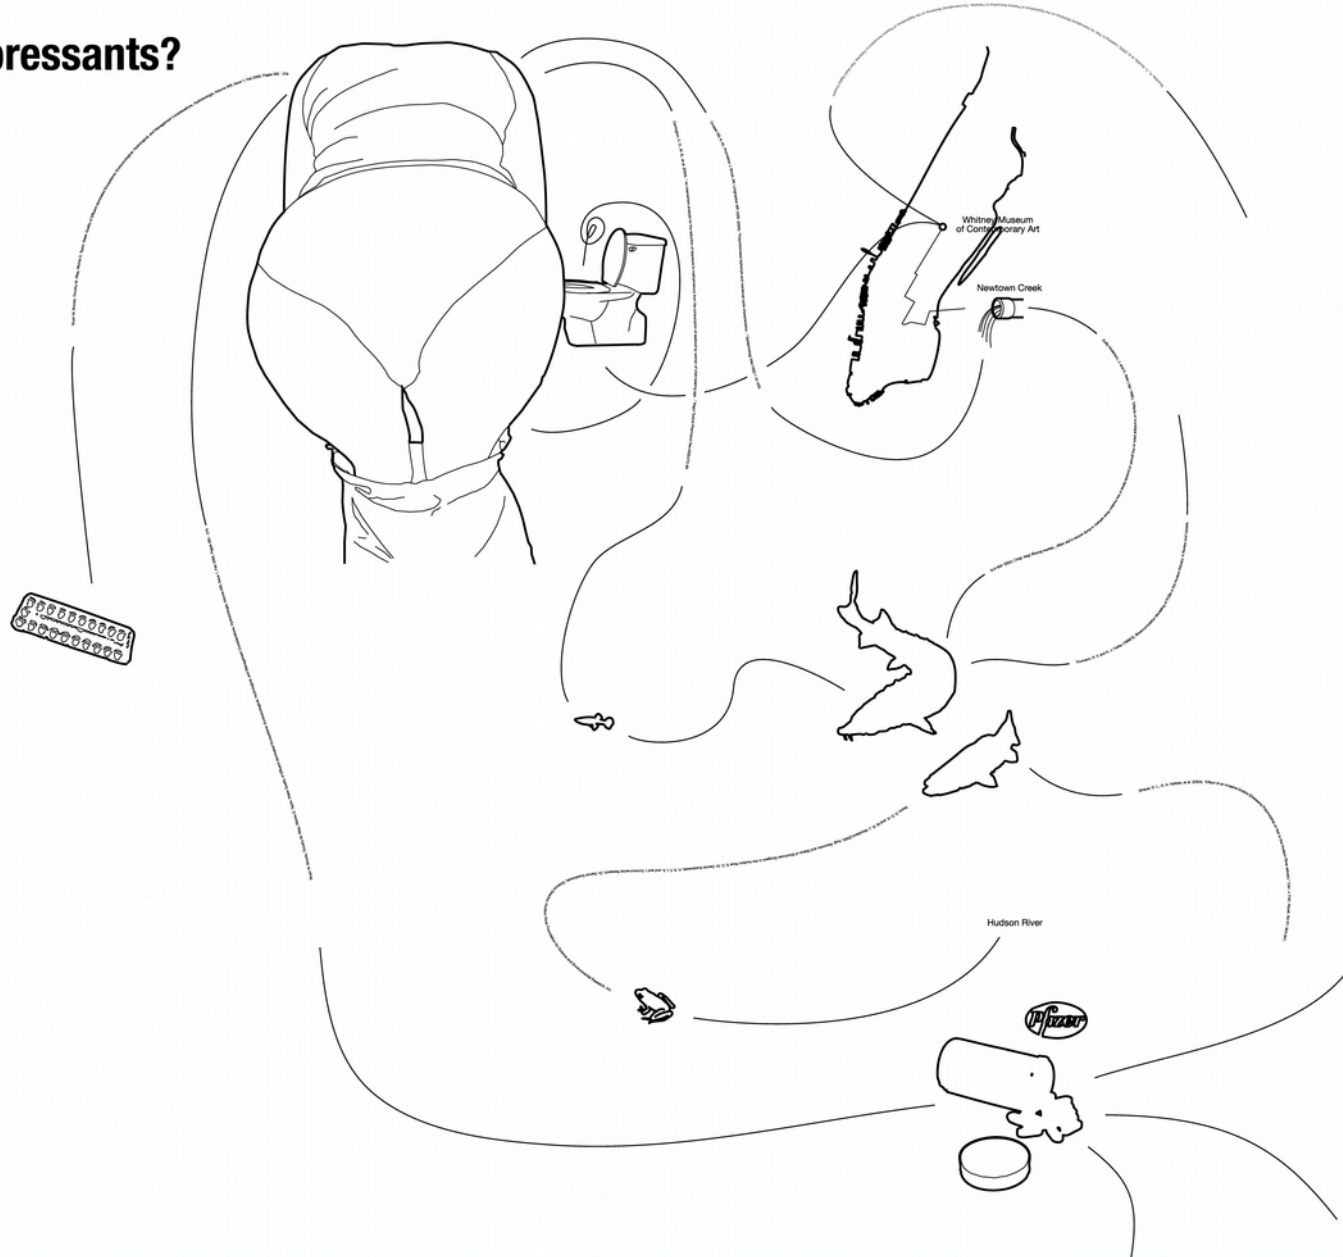

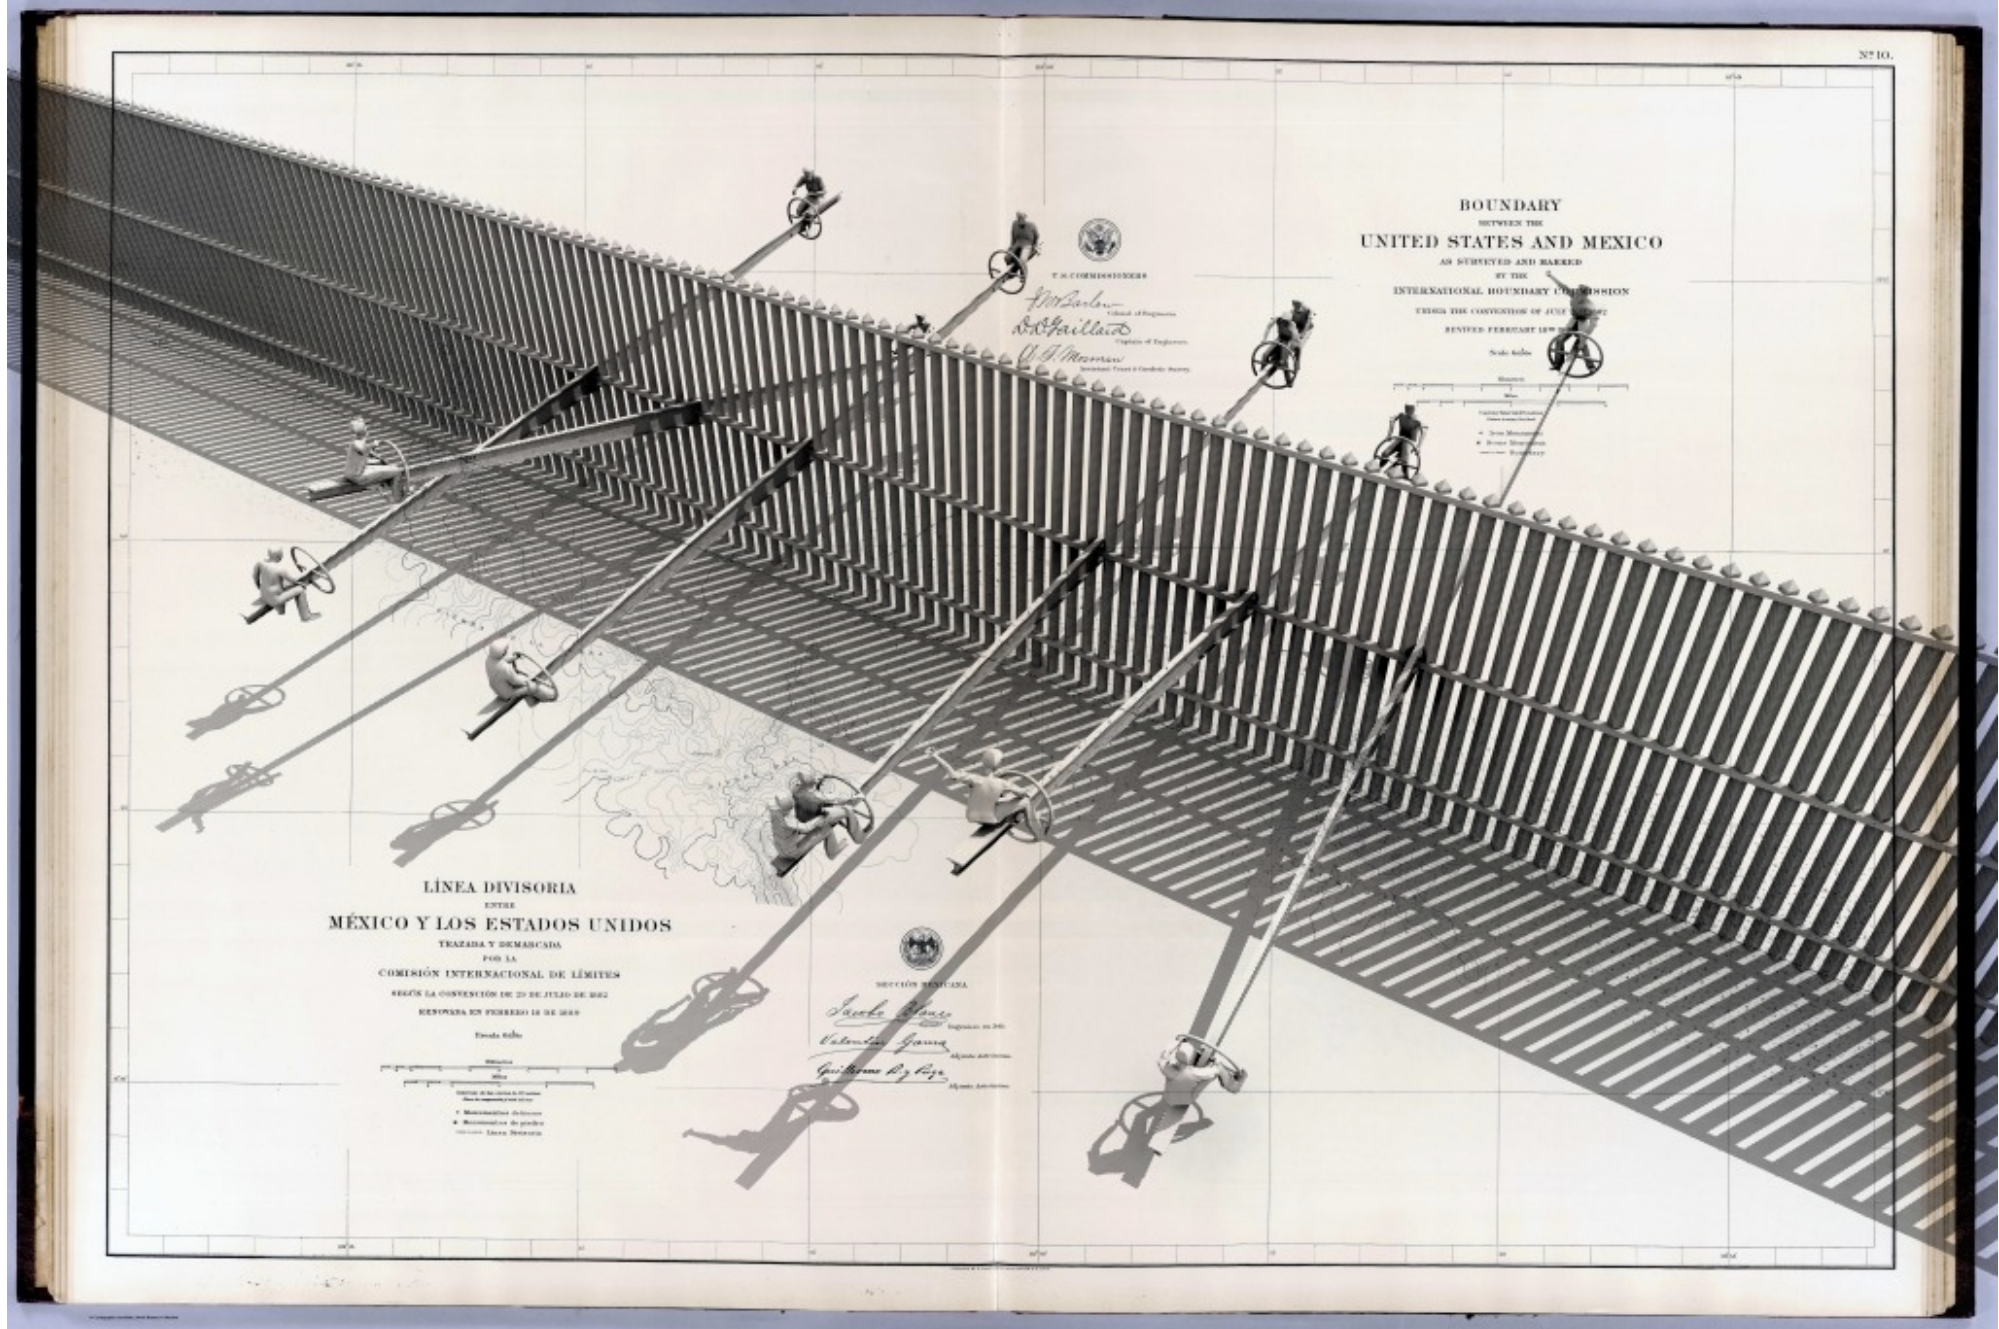

Why are the Hudson River Fish and Frogs on Antidepressants?

Nutrition FAQ's

Nutrition FAQ diagrams summarize the scientific literature, nutrient cycles, and relationships discussed in the Cookbook, enabling a citation-free text while at the same time maintaining high standards of evidence and pointing to the research directly.

Nutrition FAQs diagrams are complemented by real-time versions published online and are updated daily with any new publications and real-time data (using a combination of RSS feeds, spiders, and hard coded in Scriptographer). Further, the Nutrition FAQ visual provides an ongoing aggregator akin to a Dow Jones/ NASDAQ of x-species ecological performance. Though nutrition FAQs are not reducible to a single metric, they are comparable to financial indicators in that they are most interesting when readers are invested in the system, whether what's at stake is their own pension fund, water quality, or endocrine disruptor levels.

Hi everyone,

00:03 / 03:43

PRESENTS THE

SUICIDE BOX®

The bureau is developing a motion analysis system

SUICIDEBOX®
PATENT PENDING

A motion-detecting video camera and digital equipment

installed in range of

THE GOLDEN GATE BRIDGE

San Francisco USA.

This vertical motion triggered device

is designed to capture a video record

of all falls from the bridge,

as a continuous sequence

The resulting footage records

the trickle of people who jump off the bridge

There are approximately 4-8 bodies

retrieved per month

by the coast guard.
